

SERVICE PRICE LIST 2025

Tools	Product SKU	GBP	Euro
Hand Tools Calibrated in accordance with BS EN 6789:2017 All calibration come with adjustment and minor repair of tool where possible			
Preset hand tool - Traceable	912301	60.00	71.06
Adjustable hand tool - Traceable (includes Dial, electric, digital and manual tools)	912201	120.00	142.00
Preset hand tool with UKAS calibration	912401	104.00	123.00
Adjustable hand tool with UKAS calibration (includes Dial, electric, digital and manual tools)	912203	180.00	213.18
Add ons:			
Extreme Range - Capacity is either - greater than 500Nm - less than or equal to 1Nm		100.00	118.50
First Time set up & Uncertainty calculations (custom adaptors, special end fittings, non Gedore tools)		120.00	142.00
High Torque Drivers (90-24000Nm)			
Battery (Gen 1), Pnumatic, Manual	967205	291.5	349.8
Add ons:			
Cal & Repair Tier 1 - Cal and cosmetic repair	967101	462.00	554.00
Cal & Repair Tier 2 - Tier1 + PCB and motor	967105	1,210.00	1,452.00
Cal & Repair Tier 3 - Tier 2 + Gear housing	967201	1,650.00	1,980.00
Ancillaries - Reaction arms, cases, batteries/chargers		POA	POA
Inspection fee (if quotation declined)		110.00	
Mechanical Torque Analysers (One direction) (NON UKAS)			
MTP, MTS, TCA, & STM (These cannot be UKAS'd or repaired)	921105	550.00	652.00
Add ons:			
First time Setup (custom adaptors, special end fittings, first time set up for Non-Gedore tools)		165.00	198.00
Non Gedore tool (Non Gedore tools after first calibration)		44.00	52.00
Torque Sensors /Transducers And Electronic Torque Analyers in accordance with BS EN 7882:2017			
Sensors - Traceable one direction with a standard range (i.e.10% for Capture Sensors, 20% of Capacity for all other manufactuer's product)	924101	242.00	290.00
Sensors - Traceable Both directions with a standard range (i.e.10% for Capture Sensors, 20% of Capacity for all other products)	924201	484.00	580.00
UKAS - one direction Range of UKAS calibration is from 10% of Capacity for Capture Sensors and from 20% of Capacity for all other products	924103	462.00	554.00
UKAS - Both directions Range of UKAS calibration is from 10% of Capacity for Capture Sensors and from 20% of Capacity for all other products	924203	704.00	844.80
Add ons:			
Non Standard Range (see description of Calibration for description standard range)		198.00	237.60
Extreme Range - Capacity is either - greater than 500Nm - less than or equal to 1Nm		150.00	177.65
First time Setup (custom adaptors, special end fittings, first time set up for Non-Gedore tools)		60.00	71.00
Capture repair		385.00	462.00
XR sensor repair		770.00	924.00
Other			
Capture Display	931301	280.50	336.59
Printed Replacement Certificate	900001	38.50	46.20
Full Repair Report (must be specified before work is carried out)	931101	82.50	99.00
Fast Track Service per tools (subject to T's and C's and availability)	900000	250.00	296.08
Investigation Fee		50.00	58.99
UKAS ACCREDITATION			
TORQUE WRENCHES / SCREWDRIVERS: 0.14 - 1000N.m			
TRANSDUCERS: 0.1 - 3000N.m			
SERVICE CONTRACTS			
Consider securing your calibration and repair services with a Service Contract for 2025/2026 (subject to T&Cs). Contact Sales at sales@gedore-torque.com
